**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

CONFIRMATION OF NAME CHANGE

Director of the U.S. Patent and Trademark Office
Washington, D. C. 20231

Sir:

On April 4, 2000, PCT Application No. PCT/JP00/02175 was filed in Japan. One inventor was identified as Akira Hayashi. Thereafter, as the result of his cancellation of an Adoption Agreement, Akira Hayashi changed his legal name to Akira Nakazawa. Thus, Akira Hayashi and Akira Nakazawa is the same person. A certified copy of the Excerpt of the Census Resister, the legal document used for the name change, is enclosed with a verified translation of the pertinent parts to indicate the name change.

The enclosed Declaration and Assignment thus includes a line out through Hayashi with the now legal name Nazakawa written in and initialed. Furthermore, the Assignment and Declaration have been executed using the correct legal name, Nakazawa.

Applicants thus assert the change in Applicant's name is prior to the filing of the U.S. National Stage Application and does not fall within the provisions of MPEP §605.04(c). However, should the Patent Office believe the filing of the International Application is

considered a filing in the U.S. Patent and Trademark Office, this confirmation of name change is to be considered a Petition under 37 C.F.R. §1.182. The Director is thereby authorized to charge Deposit Account No. 15-0461 for any fee pursuant to 37 C.F.R. §1.182. Two copies of this Confirmation of Name Change are enclosed.
